

Saludos:

KATUNOB time again!

I know that you are busy, but then who isn't these days. (Therefore please excuse the formality of this mimeographed form letter.)

But here I am again seeking NEWS about anthropological matters in Mesoamerica which might be of interest to include in Katunob.

Would you mind too terribly much jotting down a paragraph or two (or maybe even a whole page) on the following project, or for that matter on anything else that you are doing or contemplating (on Mesoamerican affairs).

*whatever you might be
doing in the Mesoamerican field.*

Muchly appreciated.

Sincerely yours,

George E. Fay
